Thank you for trusting me as your hearing health provider.

Victory Hearing & Balance Ctr. opened its doors approximately 16 years ago. My goal was originally and has remained a family owned practice. I love what we do and I always wanted our patients to feel like a member of our family.

I wish to inform you that Mandy and I decided to sell the practice. Once the new owners are comfortable with us doing so, I am going to be moving the family to New Zealand. I realize that life is short and we want to experience new adventures as a family. I searched for over a year until I found a provider that I felt would be a great fit for our patients. We are fortunate to have found an audiologist who has the same caring attitude and expertise in hearing rehabilitation.

Dr. Jill Davis has purchased the practice and will be your new audiology and hearing healthcare provider. Dr. Davis received her Doctorate of Audiology (Au.D.) from the University of Cincinnati and has been providing hearing healthcare for 12 years in the greater Austin area and will honor any and all treatment plans and warranties that you currently have with Victory Hearing & Balance Ctr.

“It is truly an honor to have the opportunity to continue the vision and passion of excellence in hearing care that Dr. Franklin and his wife, Mandy, have provided. I look forward to meeting all of you and building new relationships for many years.” – Dr. Davis

Lastly, I want you all to understand exactly how much we appreciate your patronage, your trust, and allowing to be a part of your lives. We have grown as a result of these relationships and we are confident that the new owners will as well.

Dr. Allan Franklin, Au.D.

We will be hosting a casual open house style brunch to say goodbye, answer any questions that you may have, and introduce you to the new owners Jill and Victor Davis.

MEET AND GREET BRUNCH
